Note! A Spirit filled person is anointed! They are filled with the power of God to do the same works that Jesus did. But we have to do the works the same way Jesus did them. It is not just praying that God would heal someone. We must release the anointing into the situation or into the person with the need. We do this the same way Jesus and His disciples did it: through laying our hands on someone, or through commanding or through the Name of Jesus.
